## SPORTS

### ALL EVENTS FOR POINTS

The Myrtle and Healan swimming meet will be run off the same as a field day and every event will be worth so many points for first and second places. In all events but the relay race the points are 5 for first and 3 for second. The club winning the relay race will earn 10 points. This makes the meet very interesting and every number will be fought for.

This is the first time in the history of swimming in this country that the men have entered into a regular course of training. Both clubs have their men working out for the different events and they will be in the best possible condition when the pistol is fired for the start.

There is much personal rivalry between many of the swimmers. Cunha of the Healan is after Roth's scalp in the 25 yard dash. Freeth is looking for Kopke in the 100 yards and Cooper is going after Cunha in the 50-yard dash.

The Myrtles have a black horse which they intend entering in the plunger for distance. They claim that he will make Cooke go some to retain his laurels. Winter and Robertson are both doing good work in this event for the Healan.

This evening at the Baths the Healan will hold their practice at 5 o'clock and a practice game of water polo will be played between them and the Diamond Head team.

The committees representing the two clubs met at the Baths on Saturday night and chose the following officials for the meet:

Judges—Wm. T. Rawlins, Richard Cooke, Dr. Chandler and Rev. Turner. Starters—W. H. Babbitt, Rev. Turner. Timekeepers—Geo. Cooke, E. A. Mott-Smith, A. Waterhouse, T. King, W. J. Jeffers. Announcer—H. Tomlins. Scorers—J. S. Reed, F. E. Steere. Clerk of Course—Jesse Woods.

### CHINESE FIELD DAY

The track and field games of the Chinese Athletic Clubs of Honolulu will take place this afternoon at the Boys' Field and will be well worth seeing. There is no city in the world where the spectacle of a Chinese Field Day can be seen outside of this Honolulu and the records are very good. There should be a big crowd present and everyone should go away satisfied.

### NEW AUTO RECORD

New York Jan. 17.—A nonstop record of 350 hours was reached at 10:21 o'clock last night by the sixty-horsepower Thomas flyer, which has been running continuously since Jan. 2. The engine is running so easily that it was announced last night at the auto show it had been decided to keep the car running throughout the week about the city and on Sunday it will be started on a nonstop run to Chicago and will be kept running in that city throughout the Chicago auto show. If these plans are carried out successfully and the car encounters no accident during that time, the record of the car at midnight February 9, when it will be stopped, will be over 1,000 hours with an approximate 7000 miles.

The car is owned by Aubrey H. Martin of Philadelphia. He started the car at Harrisburg, Pa., where it took part in the two-day endurance contest of the Quaker City Motor club. Ernest Kelly is the chauffeur and the auto made such a good showing that it was decided to continue the run and bring it on to New York. Official observers have been in the car every hour. The former nonstop record for time was about 300 hours. In other runs of a similar nature it has been the custom to choose a time when weather conditions and the state of the roads would present the most favorable opportunities for nonstop work. It would be hard, however, to imagine a worse time than the present for a cross-country run. At Philadelphia the flyer was sent through the crowded streets and also made a number of trips to the suburbs and cities near by.

The car was driven over the roads from there to New York and special permission obtained to cross the ferry without first stopping the motor.

### JERSEY'S GOOD ROADS

Trenton, N. J., Jan. 21.—In his annual report, just submitted to Governor Stokes, State Road Commissioner

Elijah C. Hutchinson announces that New Jersey is still well in advance of the other States in the matter of highway improvement.

The commissioner says that during 1936 twenty counties of the State spent \$171,574 for road work, only Warren county being devoid of improvement of this kind. The sum of \$2,046,827 has been spent for new roads in the last ten years, the total mileage at this time being 1,134.00.

The new automobile law comes in for praise at the hands of the commissioner, who reports that \$75,900 has been derived for road repairs from the auto license revenue. The money is distributed to the different counties for the making of road repairs.

Commissioner Hutchinson thinks that more auto inspectors should be appointed to the end that fast driving and destruction of the improved roads might be reduced to a minimum.

### \$10,000. FOR TERRY

New York, Jan. 23.—For the first time since the early days of former Governor Higgins' administration, boxing between first class fighters took place here. The occasion was a benefit for Terry McGovern. Between \$10,000 and \$11,000 were realized.

### MARDI GRAS TONIGHT

As the sun goes down in the western sea tonight a great transformation scene will have taken place at the Moana. Fairy land with all its enchantment is not to be compared to the beauty of decoration and fantastic arrangement of lights, flowers and lanterns that will grace the spot sacred to Mardi Gras this evening.

Faces so wierd in their falsity will put even the "Old Boy" to shame, and will mingle with one's dreams for many a night to come.

The Hawaiian Band will entertain with its sweetest strains while the guests are assembling.

Ushers will attend to the seating of all patrons who are not wearing masks. There will be seats for all ticket holders who wish to go into the ballroom.

It is requested that the name of a masker accompany the name on the costume card to be handed in at the door. Maskers are requested to keep their return checks around their necks for convenience sake.

Doors will be opened at 8 o'clock. Master of Ceremonies will appear at 9 and their Majesties will lead off at 9:15. Masks will not be removed until the hour of 12 strikes.

Late cars will be run as previously stated.

### HEALTHY PLANTS.

Require the Most Careful Attention as Well as Good Soil. Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere—seemed never to achieve a healthy growth?

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—It's a germ at the roots of your hair which causes it to fall out. Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Hollister Drug Co., special agents.

### CHINESE CELEBRATE

The Chinese of Honolulu did not wait for midnight to welcome in their New Year. Before dark last night it would seem that the celebration was in full swing. Bombs, fireworks and crackers rent the air with their explosions and the Chinese bands about the city emitted such soulful strains and kept emitting them without rest or sleep to such an extent that it there are any cloven hoofs this side of Wai-anae they are yet to be heard from.

The Bow Wongs held a reception up to midnight, in the Chinese United Society hall, which point seemed to be the objective of all sightseers.

At midnight the Bow Wongs took on the name of the Chinese Reform Society, and installed their officers. A Hawaiian quartet enlivened the occasion with native songs.

## Open Letter From Pacific Department Royal Insurance Company of Liverpool

Many of the Companies which at the memorable meeting of June 12th voted in favor of a horizontal deduction of "not less than 25%" have, as we predicted, found it impossible to settle their San Francisco losses on that basis and have been forced, though reluctantly, to pay considerable more than an average of 75% of their claims. Some which voted to adjust every claim on its merits and pay the same "Dollar for Dollar," have fallen away from that high and correct standard and have submitted their policy holders to sharp deductions from adjusted claims. Others, while paying in full have, in accordance with Eastern usage, exacted a cash discount in lieu of sixty days' time in which to make payment.

The "ROYAL" has paid every claim as soon as the amount of loss has been agreed upon with the assured, in full, in cash, without a cent of discount. Comparatively few companies have pursued as broad and as liberal a course.

We have refrained from commenting upon the conduct of any individual company, believing it better to extol the virtues of our own. The ROYAL INSURANCE COMPANY of Liverpool has paid to date 2,589 claims, aggregating \$1,520,655.85. We have remaining but a few unsettled losses, and these are chiefly awaiting authorization of claimants abroad, probate proceedings, or further investigation as to actual amount of fire loss.

The "ROYAL" continues to be the leading Fire Insurance Company of the world. Its annual income is over \$15,000,000. Its San Francisco gross losses were not very much more than one-third of one year's premiums, and its surplus, after all losses are paid, will exceed the surplus of any other Company in the world.

It has been building up its reserves for years against just such a disaster as came to San Francisco and was therefore able to meet its great losses with equanimity. It will continue to pursue the even tenor of its way and will doubtless be more popular than ever with insurers.

You are perfectly safe in putting your business in the "ROYAL," knowing that it will under all circumstances be able to fully and promptly meet its contracts and that it will not resort to any quibbles or shifty pretenses to avoid its obligations. Now is the time to make use of your opportunity.

There is no eluding the issue; there are "Dollar for Dollar" Companies; there are "Six-bitters" and there are "Welchers." There are also Companies strong, and Companies weak, financially.

No Company can offer a better policy than the "ROYAL," few as good. **ROLIA V. WATT,** Manager Pacific Coast Department. **WM. G. IRWIN & CO., LTD.,** Agents for the Territory of Hawaii. 3592-1m 3611-1m
